## Farewell to the Odd Bits of Crockery and China

With the large shipments of Crockery that are soon to be coming for our Spring trade, we must prepare a way for their display and there's only one way to do it, get rid of the single pieces and odds and ends that take up lots of room. We have made big reductions on all such things and have a large table loaded with them. Your inspection is solicited.

We know by the number of large Crockery sales we made the past week, both in town and out, that our prices are appreciated and we mean that our prices shall prove to you that we are headquarters for Crockery and China.
